

September 2022

Dear Friends and Neighbors,

Welcome to Fall in Granby! This is the best and busiest time of the year. Soon we will forget how hot and humid and dry August was as we move right into another season of fairs and foliage. And for us, the Board of Directors of the Granby Community Fund, we mark this month as the beginning of our annual fundraising campaign. We've done this every year for over 60 years!

A non-profit volunteer-run organization that raises money and gives it right away! That's who we are and what we do! The mechanics of our mission have changed through the years, but our end result remains the same: we give Grants to local 501(c)3 agencies and Town organizations.

We are full of gratitude to you – the businesses and townspeople who financially support us in our once-a-year fundraising. And therefore, we are able to help local Agencies who provide services for the young, and the young-at-heart, the homebound and those in need of emergency assistance. During any given week, on a drive through Granby, you can see your donations to the Granby Community Fund at work: on Thursday mornings, the line of cars leading to the Senior Center to pick up fresh fruits and vegetables from the Friends of Holcomb Farm, on Wednesday afternoon at Waste Not Want Not Community Kitchen where everyone is welcome to get food items and a prepared meal, and on any day of the week when the Senior Van transports our elders to the grocery stores or doctor appointments. This is just a visible sampling of what we do. On the back of this letter there is a more complete listing of our Agencies and how they serve the people of Granby.

Please help us continue to make this happen in your community by sending a donation to the **Granby Community Fund, PO Box 94, Granby, CT 06035**. Again, we are most grateful for your support.

Sincerely,

A handwritten signature in black ink that reads 'Patty Sansone'. The signature is written in a cursive, flowing style.

Patty Sansone, President
Granby Community Fund Board of Directors
